COMPREHENSION AND GRAMMARE USAGE ETC

Directions (Questions 1-2): *Study the passage below and answer the questions that follow each passage.*

Passage

Knowledge is ever growing and so an ideal teacher should always prepare his lessons before he enters the class. An ideal teacher is confident in his class. His voice is clear. What he says should have clarity. If he has knowledge of allied subjects, it will also help him to teach better. He is punctual, neatly dressed and disciplined. His character is perfect and spotless. An ideal teacher should consider himself as a parent to his students. Every student is to be looked after with affection. He should pay attention to a backward student as he does to a bright one. An ideal teacher joins his students in co-curricular and extracurricular activities too. He plays with them, sings with them and is always friendly. The students consider an ideal teacher a friend, philosopher and guide.

Q1.   Whom do students consider as an ideal teacher?
        (1) One with immense knowledge.
        (2) One who speaks confidently.
        (3) One who is friendly and guides /nurtures them.
        (4) One who excels in sports.

Q2.   How can the inherent qualities of students be brought out by an ideal teacher?
        (1) By having knowledge of allied subjects.
        (2) By joining students in extracurricular activities.
        (3) Considering students as son/daughter.
        (4) By affection.
