### **Important Update: Changes in UG Application Form for AIST 2025-26**

All candidates applying for the All India Selection Test (AIST) 2025-26 are hereby informed that changes have been implemented in the undergraduate application form.

While filling out the online AIST registration form, on the 'Personal Information' page, the AIST Test Preference is pre-selected by default as BOTH "B.Des. & BBA" programs. This gives applicants more flexibility during counseling, allowing them to choose the most suitable program.

For candidates who wish to apply ONLY for B.Des. or BBA:

Candidate must update their preference by selecting the relevant option from the dropdown list on the 'Personal Information' page.

For candidates who have already submitted the application form:

The default B.Des. & BBA (both) preference has been automatically applied. If candidates wish to modify their selection, they can do so during the editing window on 21st & 22nd April 2025.

Important Note:

The AIST question paper will be provided according to the selected test preference at the time of application submission. Candidates are strongly advised to choose their preferences carefully. For further details, refer to Guidelines for Entrance Test in Prospectus Version-2 (Page 52).

A step-by-step guide to updating the AIST Test Preference is provided in Annexure-A below.

For regular updates kindly visit our website - [www.fddiindia.com](http://www.fddiindia.com).
